

# THE SUN

**#1 ► “They are so busy cleaning with their noses to the ground, they don’t see the beauty all around. They must do something different, they must do something new to help get a different point of view. And you know what to do!”**

**#2 ► They have done something different, they have done something new. Now you know what to do!”**

# **The Wind**

**#1 ► Something different can be arranged.**

**#2 ► “Come on out,” roared the Wind.**

**“Have courage, be brave! Your lives are in danger if you hide. The children need your help to save the town!”**

**#3 ► They are having so much fun, I’ll help them with their play.**

# HOPE

**#1 ► Come along and play. We can make snowballs all day. If we make lots of balls and roll them all around, there'll be less snow left on the ground.**

**#2 ► Won't you come out and play?**

# **THE CHILDREN**

**#1 ► What can we do?**

# **THE PEOPLE**

**#1 ► How will we keep warm, when everything is frozen, everything is cold? We'll never survive this storm!**

**#2 ► We're on our way!**

**#3 ► (Huffing and puffing and grunting)**

**#4,5,6 ► Ha-hah-ha**

**#7 ► Ha-hah-ha, Lalalala**

# **ALL TOGETHER -**

**#1 ► And that was the Day the Wind changed!**

**#2 ► Ah (like a BIG SIGH)**

**#3 ► The Day the Wind Changed**

**#4 ► And that was just the beginning.**
